Wyoming Area Warrior Football

Everyone who operates a business in or near the Wyoming Area School District understands the pride that our community has in the Warrior football program. Over the years, the football program has done an outstanding job of molding our boys and girls into young men and women. As parents, we take pride in the team's accomplishments on the field, but we also know that the true lessons they are learning about leadership, sportsmanship, and being part of a team, will benefit them for a lifetime.

WAFPA Corporate Partners Program

The Warrior Football program has always relied on the generosity of the area's business community. While the school budget covers most of the expenses required to run a first class program, the WAFPA supplements this budget through a variety of fundraisers throughout the year. For example, we finance meals for the kids during away games, cold weather gear, Gatorade, and lettermen jackets.

The idea behind the **WAFPA Corporate Partners Program** is to ask businesses for their support once a year, rather than soliciting donations for each of the individual fundraisers. In return, our corporate partners will receive advertising and recognition during all or most WAFPA activities throughout the year.

Benefits of Corporate Partnership
